Lee **Martin**

Staff Systems Engineer

(732) 575-7475 | lee@leemartin.us | https://leemartin.us | github.com/Aechrok

Summary

Staff Systems Engineer specializing in cloud infrastructure, multi-cloud environments, Kubernetes, security, and automation. Expert in building scalable systems for enterprise workloads with Python, Terraform, and modern DevOps tooling.

Work Experience

CoreWeave, Inc. *Remote*

Staff Systems Engineer *Nov 2023 - Present*

- Primary IT technical lead scaling infrastructure from startup to successful IPO for AI cloud provider.
- Architected and developed single-pane-of-glass identity management platform using Django/Python.
- Deployed authentication systems for physical security network spanning 10+ buildings, 1,000+ devices across on-prem and Azure.
- Led technical integration for 5 M&A events (Weights & Biases, Conductor, OpenPipe, Monolith AI, Marimo).
- Deployed multi-cloud infrastructure (AWS, Azure, GCP) and Kubernetes clusters using Terraform and ArgoCD.
- Implemented comprehensive logging and monitoring using ELK stack for distributed workloads.

Stack Overflow / Stack Exchange *Remote*

Senior Systems Engineer *Jan 2021 - Oct 2023*

- Architected and managed Azure production/development environments using Atlantis automation.
- Led 2023 endpoint migration from Workspace ONE to Kandji and Intune across the organization.
- Developed Go-based automation tools including credential management from Azure Key Vault to Kubernetes pods and webhook integration systems.
- Deployed multiple Kubernetes clusters using Terraform IaC and managed with FluxCD.
- Executed 2021 hardware refresh, deploying new servers and migrating Stack Exchange network with zero downtime.
- Implemented DataDog monitoring with custom metrics and comprehensive logging for IT infrastructure.

Vultr.com / Constant, LLC *Remote*

Linux Systems Administrator *Feb 2018 - Jan 2021*

- Partnered with Tencent/Activision to build and support global infrastructure for Call of Duty Mobile deployment on VULTR platform.
- Managed Active Directory, PBX systems (3CX), and monitoring infrastructure (Icinga/Nagios) for internal operations.
- Supported customer-facing infrastructure of 8,000+ servers across globally distributed, multi-homed topology.

82nd Airborne Division, U.S. Army *Fort Bragg, NC*

Infantry Team Leader *July 2008 - Feb 2012*

- Led 5-person fire team during 1-year combat deployment with 82nd Airborne Division. Service-Connected Veteran.

Certifications

Okta Certified Professional, Microsoft Azure Fundamentals, CompTIA Security+, Network+, Cloud+, ITIL v4 Foundations

Education

Western Governor's University *Salt Lake City, UT*

Master of Science in Data Science and Analytics *Class of 2026*

Western Governor's University *Salt Lake City, UT*

Bachelor of Science in Cloud Computing *Class of 2022*

Ocean County College *Toms River, NJ*

Associate of Science in Computer Science *Class of 2017*
